Coca-Cola products are provided free of charge to Abiko City, Chiba

Coca-Cola Bottlers Japan Inc. (Headquarters in Minato-ku, Tokyo; Representative Director & President Calin Dragan; hereafter “CCBJ”) is working on various community revitalization initiatives in response to the ever-changing social environment amid the spread of COVID-19, with the top priority on the health of all stakeholders.

As part of such efforts, CCBJI discussed with Abiko City to see what we can do for the professions who work to help the citizens every day, and as a result we provided 3,000 bottles and cans of Coca-Cola products free of charge on May 15 (Friday). The products will be distributed to medical professionals and the workers of welfare and nursery centers in Abiko City through medical institutions.

CCBJI signed an Agreement on Comprehensive Collaboration for better services for its citizens and community revitalization with Abiko City in October 2019 and we are pleased that we can work together through the agreement.
